

geeks helping (future) geeks

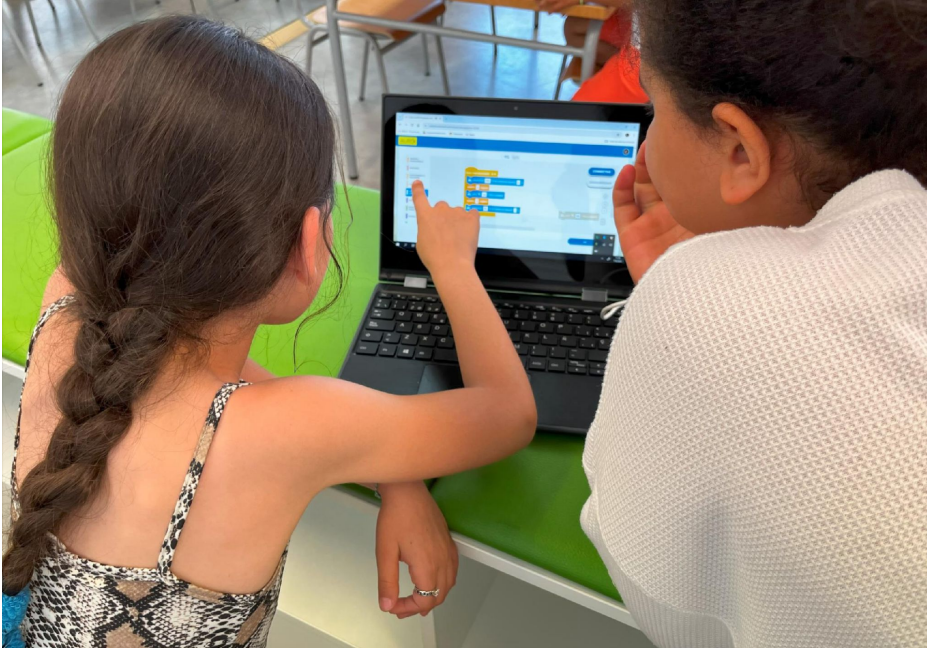

Friqui = Geek

We are 200 members from the world of STEM* with strong ties to Barcelona.

* Science Technology Engineering & Mathematics

Fund = Future

We have come together as a community to support the next generation pursue their futures in STEM.

STEM can be a empowering, ...but it's not a path available to everyone.

FriquiFund exists because we know that lacking funds for transportation, a computer, tuition fees, or mentorship can be the deciding factor that leads vulnerable students to abandon their studies.

That's why we help prepare young, disadvantaged geeks for success in their future careers.

How do we do that?

**Fund Good
Work**

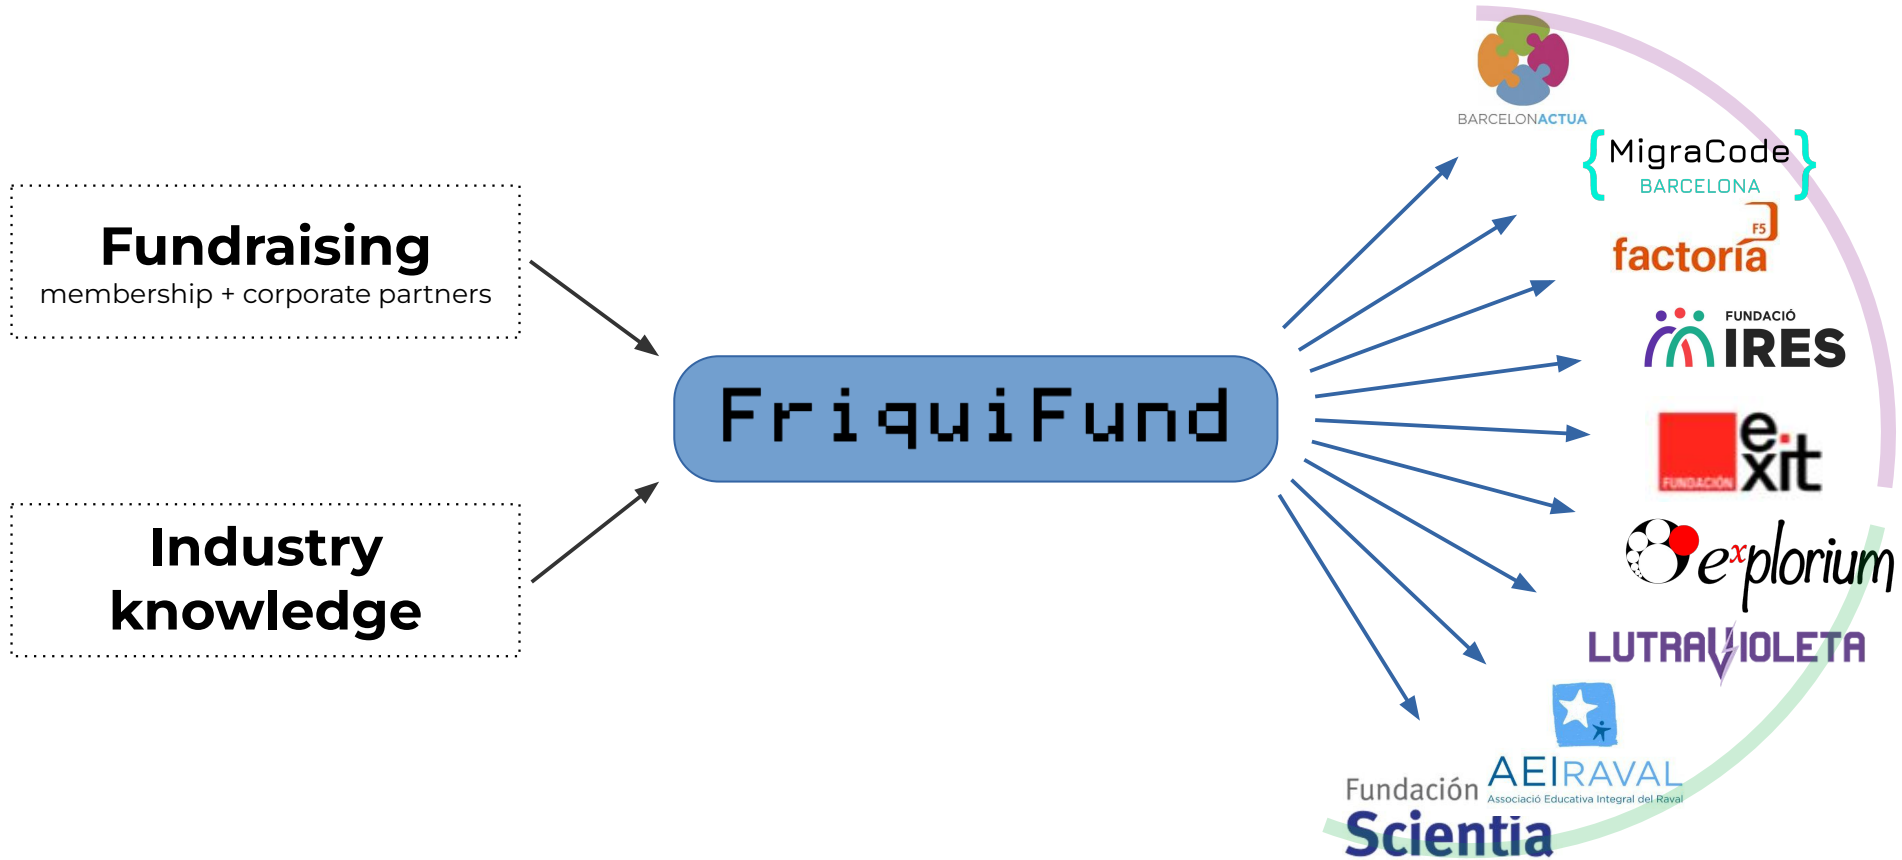

**Direct
Mentorship**

**Build
Community**

Fund good work

Robotics once a week in underprivileged schools

Direct mentorship

Our members provide one-on-one support, bringing with them their real-world experience and connections.

We focus on practical skills and guidance to bridge the key transition from training to landing onto their first job.

Testimonials from mentees:

“More confident now when reaching out to recruiters. I would like to stay in contact with my mentor for specific questions.”

“Gran aprendizaje. Desconocía que se tenía que investigar la empresa.”

“An amazing experience, It really helped me to find a tech job. Thank you very much.”

“Loved the behavioral and technical interviews ❤️ Ana and David were so kind and supportive.”

Build community

We regularly stay in touch to share ideas, mobilize resources, and help out when we can.

We also host talks from top experts in the field. These are both fundraising events and a space for FriquiFund members, program participants, our mentees, and the broader Barcelona STEM community to meet and forge a stronger connection.

FriquiFund Talks

Why become a member?

As a member you will be joining a supportive group of peers that shares your values and is helping make a difference in our community.

You won't just be funding important work, but also have a direct say in where those funds go, be invited to events, and be part of what makes FriquiFund so special.

Join us as a member!

Sign up today!

Membership is 240€ a year, out of which ~190€ are tax deductible.
